Sub: e-journals & e-books

In view of the current global stress on quality of Technical Education , AICTE have made it mandatory to procure e-journals in the relevent branches of all Technical institutions .The idea is to inculcate the spirit of research and knowledge enhancement among the Teachers as well as the Students, so that they are aware of the latest in their field of study.

As per the above requirement , our Library is subscribing to the following e-journal packages. All the teacher & students are appealed to avail this opportunity and regularly refer the e-journals to keep themselves abreast with the latest knowledge.

For this pupose a computer system has been provided in the Reference section.The Teachers can access through any system from any department as per the following procedure.
